S-C Solar heat gain with blind at the window divided by solar heat gain with no blind at window. The lower the shading coefficient, the higher the efficiency of the fabric.

# Artisan Black-Out

Our Artisan Black-Out fabrics offer the same touch and durable fire retardant(FR) performance as the standard Artisan range, but with a smooth PVC black-out coating on the reverse side. This produces a luxurious soft finish at the same time as full black-out performance.
